Dear Mr. Crosby:

Per your request attached please find a copy of correspondence from the Airport attesting the borrow material being excavated for your project is free of contamination. Should you have any questions please advise.

Very Truly Yours,  
Diamond Materials

Michael B. Davis  
Project Manager

RE: Excavated soil, Taxiway F project.

Dear Mr. Davis

Based on historical reviews of airport activity and environmental clearances obtained in recent years related to hangar and taxiway projects in close proximity to the Taxiway F excavation areas, I can assure you beyond reasonable doubt that the subject soil contains no contaminated substance.

If you have any questions, please contact me at your convenience.

Sincerely,

Frank Shahan  
Airport Operations Manager
